ELEMENTS OF APPLICATION AND REVIEW PROCESS

1 | Eligibility Quiz

The application process begins with an Eligibility Quiz. This quiz gauges applicant alignment to the focus areas.

2 | Full Proposal

Full Proposals are accepted from organizations that have successfully passed the Eligibility Quiz. As part of the Full Proposal, organizations must provide supporting documentation including the project budget. Organizations must also agree to the Lineage Foundation for Good Guidelines Consent, Anti-Discrimination Certification, Terms and Conditions, Lineage Foundation for Good Privacy Statement and EFT Acknowledgement.

3 | Review and Evaluation

As part of a comprehensive due diligence process, Lineage Foundation for Good may conduct a site visit to become better acquainted with the organization.

4 | Grant Decisions

Awards are based on staff review and recommendations concerning the proposal's alignment with the key social outcomes of each focus area. The grant process will take approximately six - eight weeks from submission to award notification. A formal notification will be sent to the grantee once a funding decision is made.

5 | Interim and Final Review

We strive to offer grants as unrestricted gifts for a more equitable grant funding practice. However, we are asking that grant recipients submit a 6-month Interim Report on progress toward their proposed goals and outcomes. A Final Report must be submitted before the organization is eligible for subsequent funding opportunities.
